 Communications

 Infrastructure

The Industry's Most Powerful 3 x 5-Inch AC-DC Power Supply

Key features

- High Power Density
- Medical & Industrial Approvals
- 5 Year Warranty
- Multiple Cooling Methods
- Up to 92 % efficiency
- Various options

Model	GHA300F-XX	GHA500F-XX	GHA300F-XX-SNF	GHA500F-XX-SNF
Output Power	300W	500W	300W	500W
Output Voltage	12V/24V/48V	12V/15V/24V/30V/48V/56V	12V/24V/48V	12V/15V/24V/30V/48V/56V
Features	Convection cooling or forced air cooling	Aluminium Baseplate for conduction cooling (Forced Air Cooling: 500W; Conduction & Convection Cooling: 360W)	Case with built in fan, conformal coating, Remote on / off, 5V and 12V AUX output, Alarm	Case with built in fan, conformal coating, Remote on / off, 5V and 12V AUX output, Alarm
	Approved for Medical (IEC60601-1, Isolation: 2 X MOPP) and Industrial (IEC60950-1) applications			
Options	Remote on / off, 5V and 12V AUX output, M3 Mounting Hole, Parallel Operation, Alarm		N/A
